## Step 6

If you see the message "**Email is already taken**" it means that you have another account that is already using that email address.

# Step 7

If you would like to use that email address you have 2 choices.

1. Delete the account you currently have open

2. Delete the account with the email address you would like to use. <u>I recommend using the account that has the most paid courses.</u>

\*Note - Accounts can not be combined. \*
